Introducing More Value

Landmark Pro Architect 80 is designed specifically for the professional roofing contractor that takes pride in providing **more** to their customer.

Landmark Pro Architect 80 improves upon the CertainTeed Landmark shingle, a leading consumer publication's "Best Buy" for the past five years.

We started by adding **more** weathering asphalt to the industry's toughest fiberglass mat to provide **more** protection. Then we incorporated our Maximum Definition color blend technology to give the product more vibrancy on the roof. Included is the proven performance of our NailTrak feature, enabling faster installation.

Landmark Pro Architect 80 offers the industry's strongest warranty. Protecting your reputation and safeguarding homeowners from manufacturing and aesthetic defects.

Landmark Pro Architect 80 Standard Warranty

- Lifetime Limited Warranty
- 10-years of SureStart protection
- 15-year 110 MPH wind warranty (Upgrade to 130 MPH available)
(CertainTeed starter and CertainTeed hip and ridge required)
- 15-year StreakFighter® algae resistance warranty 

Add it all up and what you get is the opportunity to offer a lot of additional value for the money... and today that means more than ever...

Landmark Pro Architect 80 Silver Birch is an ENERGY STAR[®] rated product and may qualify for a federal tax credit.

max def colors

Look deeper. With Max Def, a new dimension is added to shingles with a richer mixture of surface granules. You get a brighter, more vibrant, more dramatic appearance and depth of color. And the natural beauty of your roof shines through.

WIDER. Faster. Proven.

For the past 10 years, NailTrak™ has enabled installers to shingle with improved speed and accuracy. With a nailing area that's three times WIDER than typical laminate shingles, nails hit home with NailTrak. A feature on all Landmark Series shingles. Speed and accuracy result in lower labor costs.

No leaks. No de-lamination. No callbacks.
The cost of doing business has gone down with NailTrak.

FRONT

Wide nailing area for increased speed and accuracy.

BACK

Sealant placed low to avoid gumming up nail guns.

UNDERSIDE OF TOP

Specially formulated Quadra-Bond adhesive adheres the two-piece laminate shingle.

Reaching for the ENERGY STARS.

As a 2015 ENERGY STAR Sustained Excellence recipient for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

The best formula under one roof.
 We start with the highest-quality raw materials and add state-of-the-art technology to monitor our manufacturing process and test our finished products. The result is superior performance from beginning to end.
